PCM MANUAL

PRELIMS - CUM - MAINS

iLearn IAS

INTEGRATED LEARNING FOR CIVIL SERVICES EXAMINATION

MORE THAN AN ACADEMY
IT'S A FAMILY

Preface

Congratulations on taking the first step in realising your dream of serving our Nation.

This student manual will help you navigate through our Prelims Cum Mains Program.

On some pages, you might find QR codes. These codes would either redirect you to a YouTube video or to a feedback form.

We hope that students would use this manual as a compass and put in the legwork required to reach LBSNAA.

Hard work from your side and the right guidance from ours is a combination that is guaranteed to bring success.

May you all become part of the strong backbone upon which the future of our nation is built.

Happy Learning!

General Guidelines

The life of an Officer comes with power and prestige. But it also comes with rules and regulations. Similar to the life of an Officer, our PCM Program comes with its own rules and regulations. The future officers of our academy ought to follow it.

To create a productive and supportive learning environment, we have differentiated our academics and admissions. Please avoid taking up admission or fee related queries with the academic team, faculty members or the mentors.

Our support does not end with the PCM Program. We intend to support you till you realise your dream of becoming a civil servant. Our CSS or Continuous Support System ensures that you receive all our critical services until you make it into the final rank list.

All further program details shall be primarily communicated through the Telegram Channel of the respective PCM Batch.

RULES AND REGULATIONS

- Students are expected to attend all the lectures in order to have a holistic understating of the syllabus.
- Students are expected to reach the classroom well before the lecture begins.
- As Officers ought to maintain decorum at LBSNAA, students ought to maintain decorum inside the class.
- Student engagement is necessary for a lively experience, but the faculty is always the moderator.
- Students are encouraged to ask doubts, but they should keep it for the end of the session in order to ensure a smooth flow of information.
- Also doubts should be clarified at the session itself. Carry forwarding of the doubt into the free time of the faculties is not encouraged.
- Study materials shall be couriered only to Online Batch students and to those who attend hybrid classes completely online. Others would receive the materials in the class or they may collect it from the office.
- A request to change the batch would not be entertained except in the case of a verifiable medical emergency, which ought to be communicated at the earliest.
- Discontinuation of the course for any reason whatsoever is the choice of a student. But there shall be no refund.
- Students are expected to follow proper channels of communication, which shall be further explained in the orientation session.

Welcome Kit & Study Materials

Upon joining our PCM Program, every student would receive a Welcome Kit which contains essential study materials for preparing for the UPSC Civil Service Examination.

The Welcome Kit is our way of inducting you into our family. We hope that the items in it would be in your possession till the end of your UPSC journey.

- Comprehensive coverage of the four Mains General Studies Mains Papers and Essay.
- 800+ hours of in depth lectures making it the most in depth program in the nation.
- Expert faculties with outstanding credentials.
- Regular feedbacks to assess student input regarding the program.

STUDENT ENGAGEMENT

- Student engagement is necessary for a lively experience. But the faculty is always the moderator.
- Students are encouraged to ask doubts, but they should keep it for the end of the session in order to ensure a smooth flow of information.
- Doubts should be clarified at the session itself. Carry forwarding of the doubt into the free time of the faculty is not encouraged.
- Decorum must always be maintained inside the class

Every program in our PCM Course has its role. But never forget that you are the captain of your preparation as it is first and foremost your dream to be in the Indian Civil Services. Hence you need to take responsibility, be in charge of your preparation, utilise our resources and attend our classes regularly.

CANA Current Affairs & News Analysis

Newspapers are written for the General Public and not for civil service aspirants. To understand what to read and what not to read from the newspaper is a skill that aspirants develop over time. Our CANA program will equip you with all the necessary skills and content for your current affairs preparations.

CANA PROGRAM

- Online Current Affairs Classes that summarise the important news of the week.
- www.ilearncana.com, a searchable database of current affairs materials classified and interlinked with the UPSC syllabus.
- Weekly compilation of Prelims and Mains topics.
- Prelims topics are extrapolated from the Previous Year Questions of the preliminary examination.
- Mains topics are structured according to the demands of the mains examination.
- Daily Important Articles to read from The Hindu to make sure your newspaper reading stays on track.

Students are expected to navigate these routes on their own and figure out a study strategy that best suits them.

Mentorship Program

The PCM Program is designed around the core idea of Personal Guidance to each and every student. With this in mind, we have designed a holistic Mentorship Program to guide our students to success.

PURPOSE OF MENTORSHIP PROGRAM

- Supporting our students at all the stages of their preparation.
- Guiding our students on the right study methods.
- Learning from the best practices of our mentors and ensuring that the students emulate them.
- Fine tuning the Lateral Thinking Skills required to clear preliminary examination.
- Supporting our students for Mains Answer writing practice.
- One stop point of contact for all your exam related queries.

MENTORSHIP PROGRAM DETAILS

- Students would be split into small groups. Group Sessions would be held every week.
- There shall be one 1-on-1 session with the mentor every month.
- The Mains Class Tests would be evaluated by your respective mentors and feedback would be given.
- As preliminary examination approaches, the mentorship program would transform itself to address the immediate requirement of clearing the preliminary examination.

WHAT MENTORSHIP IS NOT

- The focus of Mentorship is to analyse and figure out the best study strategy. Hence it isn't a doubt clearing session on syllabus topics.
- Your mentor is familiar with the examination process. Hence he/she is your friend, philosopher and guide.
- We request all our students to respect the personal space of our mentors.

All our mentors are experienced personnel who are capable of leading you to your destination. Hence we do not see a requirement for a student to change their mentor.

During the PCM Program, you would have gained all the insights your mentor would have to provide.

iLearn believes this would be sufficient to put you on the right track. Hence the Mentorship Program ends with your preliminary examination.

Test Series & Answer Writing Practice

It doesn't matter whether you've read hundreds of pages. What would matter is whether you've taken a hundred tests. Continuous test taking is a critical component that determines your success. iLearn IAS understands this and our PCM Program is designed accordingly.

TESTS AND ANSWER WRITING PRACTICE

- Weekly Prelims Class Tests.
- Mains Class Tests once a critical amount of mains syllabus is covered.
- Integrated Prelims Test Series (iPTS) - Our holistic Prelims Test Series.
- Mains Test Series (MTS) - Mains Test Series for those who have cleared preliminary examination.
- Mains Answer Writing Program (MAP) - To augment your skillsets for the next attempt.

IMPORTANCE OF TAKING TEST

- Ensuring that your preparation is exam oriented.
- One of the most effective methods of learning and revision.
- Quantification of the study you've done through the marks you obtain.
- Objective analysis of where your preparation stand.

Our tests are a series of battles and clearing civil service examination is the war. Do not let the failures of a few battles dishearten you or the success get into your head. Keep the eye on the ball and move forward.

CSS or Continuous Support System

Each one of you stand a good chance to clear the examination in the first attempt itself.

But if we make an objective analysis of those who make it to the rank list, we could see that the majority of those who clear the exam do it in their second or third attempt.

iLearn IAS understands this ground reality of the UPSC Journey and we believe in supporting our PCM Students till you realise your dream.

Our CSS would be there until your final attempt. With CSS, we intent to be not just another civil service academy, but a partner on your civil service journey.

CONTINUOUS SUPPORT SYSTEM

- Access to online classes of the upcoming PCM Batches on registration.
- Continuous support of iPTS for your upcoming attempts.
- Continuous support of MTS every time you clear preliminary examination.
- Interview Guidance Program every time you get the interview call.

Grievance Redressal Mechanism

Our success is heavily interlinked with the results that you would bring in. Hence our objective is to provide a productive and supportive environment for you to reach your destination. But inspite of our best efforts, we might miss out on a few things and we want you to point out our gaps. Further details regarding our grievance redressal mechanism would be specified during the orientation session.
